## Anti-aging especially for blemished skin

### Fighting Both against Aging and Blemishes

AstraForce is a liposomal preparation of Astragalus membranaceus root extract. This plant is one of the most important Chinese medicinal herbs. Its roots have been used for more than 2500 years in Chinese medicine to strengthen qi, the body's life force.

Among its numerous properties, Astragalus membranaceus roots are capable of enhancing the immune system and metabolism notably micro-circulation.

Astragalus membranaceus root extract fraction was incorporated in a liposome formed with lecithin which has a positive effect on purification and hydration. Besides, the liposomal form facilitates the penetration of actives into the sebaceous duct, thus actives can target the sebaceous gland more easily.

AstraForce combines anti-aging and anti-blemishing properties: it improves firmness, smoothness and hydration while reducing imperfections, inflammation and sebum flow.

Thus, it is an effective anti-aging ingredient especially for blemish-prone, oily or combination skin.

### Claims Ideas for AstraForce

- Firms and smoothes the skin
- Reduces imperfections
- Balances sebum production
- Helps prevent breakouts
- For a clear and refined skin complexion

### Applications

- Face care – anti-aging for blemished, oily or combination skin
- Body care – firming and refining for well-being
- Men's and women's care

### Formulating with AstraForce

- Recommended use level: 0.5–2 %
- Incorporation: For cold processes, dissolve AstraForce into the aqueous phase. In cold/hot processes, add during the cooling phase below 40°C.
- Thermostability: Temperatures of up to 60°C for a short time do not affect the stability of AstraForce.

### INCI/CTFA-Declaration

Astragalus Membranaceus Root Extract (and) Dipropylene Glycol (and) Glycerin (and) Lecithin (and) Phenoxyethanol (and) Aqua/Water
